

LANDWORKS

CALABRIA 2017

OPERATIVE WORKSHOP

REALIZING INSTALLATIONS BETWEEN ART, ARCHITECTURE AND LANDSCAPE

18th-28th May
Cosenza

Based on the encouraging success of LW Sardinia 2011/12/13/14/15/16, LandWorks Cultural Association 2017 will for the first time cross the island boundary of Sardinia to focus its attention on Calabria in South Italy.

LandWorks, in collaboration with the DADU (Department of Architecture, Design and Urbanism, University of Sassari), the DIATIC (Department of Environmental Engineering and Land and Chemical Engineering, University of Calabria), the Municipality of Cosenza and other partners, will design and realize a number of in-situ projects to underline the significance and potential of the exceptional cultural heritage of the historical city center of Cosenza.
